Consumer Preferences are Changing. As are the Grocery Stores Serving Them.

Consumer Preferences are Rapidly Evolving

- Consumers are increasingly time and budget constrained, with grocery deli sections expanding to become the dinner of choice
- Mama's Creations rapidly evolves to meet consumer preferences, analyzing behaviors through SPS analytics, refining products in a tasting lab while conducting countless consumer surveys.

Grocers are Seeking Simplified Business Models

- Grocers are adapting by investing heavily in attractive deli displays, but need prepared food options that maximize their limited labor force.
- Mama's Creations is at the intersection of this trend, offering restaurant-quality food while driving incremental trips for grocers with little to no on-site preparation required.

Macro Trends: The Rise of Fresh

Grocery stores are investing in grab-n-go food offerings to inch into restaurant territory as a quick-serve restaurant alternative

- The Deli is a \$45B department and one of the fastest growing departments in the store, with many grocers adapting restaurant-like grab-n-go models
- Prepared Deli foods, the largest category in Deli, where we play, represents a \$25B market, growing ahead of total Deli and ahead of the total F&B industry
- In the past two years:
 - **93% of grocers have seen an increase in demand for fresh food;** and
 - **84% of grocers have expanded their fresh department offerings**
- Fresh departments matter – 65% of consumers are more inclined to revisit stores with products that look fresh
- There is a significant, growing opportunity for an innovative prepared foods offering in what is currently a fragmented market without a clear leader

We meet today's consumer where they shop – the perimeter of the store.

Shifting habits are driving consumers to the perimeter of the store where fresh, prepared foods are stocked

Perimeter shopping is consistently growing ~8-10% per year

The Mama's Creations Origin Story

Building upon MamaMancini's strong legacy in Italian-inspired foods

In 1921, Daniel Mancini's grandmother Anna Mancini made her way to America through Ellis Island with his grandfather, Nicola Mancini. They settled in Bay Ridge, Brooklyn and raised five children. Shortly after Daniel Mancini was born, he was in the kitchen cooking alongside his grandmother. None of the recipes were written down, just stored in her heart.

“Every Sunday I would wake to the amazing aroma of my Grandmother frying meatballs. I call this a ‘Scented Memory.’”

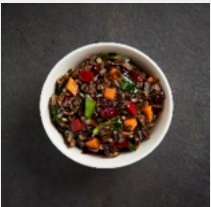

“I chose my Grandmother's Meatballs and Slow Cooked Italian Sauce as the first recipe we would bring to your table. We prepare this dish the exact way she did so many years ago. The meatballs are made from 100% beef, whole fresh eggs, Romano cheese, onion, parsley, a pinch of salt and pepper and the exact amount of bread crumbs. They are formed by hand just like Anna did and lightly browned. We place them in the Slow Cooked Italian Sauce which is pure Italian plum tomatoes, olive oil, garlic, some salt and pepper and a bay leaf and slowly cook them for three hours. This is the only way to prepare authentic old world meatballs and sauce. Gently stirring every 20 minutes guarantees perfect meatballs every time. There are no shortcuts.” – Daniel Mancini
